

Helper Form - 2019 Redwood Empire Junior Golf

Help Needed! We could really use your help with the program even if you are a non-golfer. This junior golf program is staffed by volunteers who want to give back a little to this great game. Yes, we need experienced golfers to help with basic skills but we could also use help with check-in, set-up, getting kids from one activity to the next, and going out with the groups on-course. Members, parents, grandparents and folks that love the game make this program possible. It's rewarding! Please consider helping with the program for an hour or two every week or so. Thank you!
